The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent, if applicable, if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which he/she has a bias or conflict of interest that would prohibit him/her from fairly investigating or resolving the complaint. AR 1312.3 (b)

**COMMUNITY RELATIONS** (continued)

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall include current state and federal laws and regulations governing the program, applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), applicable standards for reaching decisions on complaints, and appropriate corrective measures. AR 1312.3 (c)

**COMMUNITY RELATIONS** (continued)

The annual notification and complete contact information of the compliance officer(s) may be posted on the district web site and, if available, provided through district supported social media.

(cf. 1113 - District and School Web Sites)

(cf. 1114 - District-Sponsored Social Media)

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the district's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies, such as the U.S. Department of Education's Office for Civil Rights (OCR) in cases involving unlawful discrimination (such as discriminatory harassment, intimidation, or bullying).
4. Include statements that:
  - a. The district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
  - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
  - c. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the

AR 1312.3 (d)

**COMMUNITY RELATIONS** (continued)

Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.

d. Complaints should be filed in writing and signed by the complainant. If a complainant is unable to put his/her complaint in writing, for example, due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint.

e. If a complaint is not filed in writing but the district receives notice of any allegation that is subject to the UCP, the district shall take affirmative steps to investigate and address the allegations, in a manner appropriate to the particular circumstances.

If the allegation involves retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) and the investigation reveals that discrimination has occurred, the district will take steps to prevent recurrence of discrimination and correct its discriminatory effects on the complainant, and on others, if appropriate.

f. A student enrolled in a public school shall not be required to pay a fee for his/her participation in an educational activity that constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities.

g. The Board is required to adopt and annually update the LCAP in a manner that includes meaningful engagement of parents/guardians, students, and other stakeholders in the development and/or review of the LCAP.

h. A foster youth shall receive information about educational rights related to his/her educational placement, enrollment in and checkout from school, as well as the responsibilities of the district liaison for foster youth to ensure and facilitate these requirements and to assist the student in ensuring proper transfer of his/her credits, records, and grades when he/she transfers between schools or between the district and another district.

i. A foster youth or homeless student who transfers into a district high school or between district high schools shall be notified of the district's responsibility to:

(1) Accept any coursework or part of the coursework that the student has satisfactorily completed in another public school, juvenile court school, or a nonpublic, nonsectarian school or agency, and to issue full or partial credit for the coursework completed

(2) Not require the student to retake any course or a portion of a course which he/she has satisfactorily completed in another public school, juvenile court school, or a nonpublic, nonsectarian school or agency

AR 1312.3 (e)

**COMMUNITY RELATIONS** (continued)

(3) If the student has completed his/her second year of high school before the transfer, provide the student information about district adopted coursework and Board-imposed graduation requirements from which he/she may be exempted pursuant to Education Code 51225.1

j. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 calendar days of receiving the district's decision.

In any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the respondent also shall have the right to file an appeal with the CDE in the same manner as the complainant, if he/she is dissatisfied with the district's decision.

k. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision.

l. Copies of the district's UCP are available free of charge.

For complaints alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall inform the respondent when the complainant agrees to an extension of the timeline for investigating and resolving the complaint.

Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in allegations shall be notified when a complaint is filed, and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process. (5 CCR 4630, 4964)

**Filing of Complaints**

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

AR 1312.3 (f)

**COMMUNITY RELATIONS** (continued)

1. A complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs may be filed by any individual, public agency, or organization. (5 CCR 4630)
2. Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code 49013, 52075; 5 CCR 4630)
3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when he/she is not the complainant, requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

**Investigation of Complaint**

Within 10 business days of receiving the complaint, the compliance officer shall begin an investigation into the complaint.

AR 1312.3 (g)

**COMMUNITY RELATIONS** (continued)

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative an opportunity to present the complaint and any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

The compliance officer shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

**COMMUNITY RELATIONS** (continued)

## Report of Findings

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant, and respondent if there is one, a written report, as described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR 4631)

## Final Written Decision

The district's decision shall be in writing and sent to the complainant and respondent. (5 CCR 4631)

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the decision shall include: (5 CCR 4631)

The determination of whether a hostile environment exists may involve consideration of the following:

- a. How the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct

- d. The number of persons engaged in the conduct and at whom the conduct was directed

- f. Other incidents at the school involving different individuals
5. Corrective actions, including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600.

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

AR 1312.3 (j)

**COMMUNITY RELATIONS** (continued)

6. Notice of the complainant's and respondent's right to appeal the district's decision within 15 calendar days to the CDE and procedures to be followed for initiating such an appeal.

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, and bullying, based on state law, the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)

Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at [www.ed.gov/ocr](http://www.ed.gov/ocr) within 180 days of the alleged discrimination.

**Corrective Actions**

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

AR 1312.3 (I)

**COMMUNITY RELATIONS** (continued)

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51223, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. The complainant or respondent shall file his/her appeal within 15 calendar days of receiving the district's decision and the appeal shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

*(cf. 5116.1 - Intradistrict Open Enrollment)*

*(cf. 5117 - Interdistrict Attendance)*

*(cf. 5145.6 - Parental Notifications)*

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a district school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

*(cf. 5111 - Admission)*

*(cf. 5125 - Student Records)*

When establishing ~~a student's~~ **students'** residency for enrollment purposes, the Superintendent or designee shall not inquire into ~~a student's~~ **the** citizenship or immigration status **of students or their family members.**

***(cf. 5145.13 - Response to Immigration Enforcement)***

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

### Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (Education Code 48204.1, 48204.2)

BP 5111.1(b)

**DISTRICT RESIDENCY** (continued)

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district. (Education Code 48204.2)

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)

**Appeal of Enrollment Denial**

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), **as amended**, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

If you do not want the district to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by the end of the first four weeks of the school year. The district has designated the following information as directory information:

In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

AR 5145.3(e)

**NONDISCRIMINATION/HARASSMENT**

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a verbal report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or compliance officer, he/she shall make a note of the report and encourage the student or parent/guardian to file the complaint in writing, pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Once notified verbally or in writing, the principal or compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

*(cf. 5141.4 - Child Abuse Prevention and Reporting)*

**Transgender and Gender-Nonconforming Students**

*Gender identity* of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

*Gender expression* means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

*Gender transition* refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

*Gender-nonconforming student* means a student whose gender expression differs from stereotypical expectations.

*Transgender student* means a student whose gender identity is different from the gender he/she was assigned at birth.

AR 5145.3(f)

**NONDISCRIMINATION/HARASSMENT**

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the **bathroom** that corresponds to his/her gender identity
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

AR 5145.3(g)

**NONDISCRIMINATION/HARASSMENT**

1. **Right to privacy:** A student's transgender or gender-nonconforming status is his/her private information and the district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

*(cf. 1340 - Access to District Records)*

*(cf. 3580 - District Records)*

2. **Determining a Student's Gender Identity:** The compliance officer shall accept the student's assertion of his/her gender identity and begin to treat the student consistent with his/her gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.
3. **Addressing a Student's Transition Needs:** The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and develop strategies for ensuring that the student's access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action **could can** be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support

AR 5145.3(h)

**NONDISCRIMINATION/HARASSMENT**

team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. **Accessibility to Sex-Segregated Facilities, Programs, and Activities:** When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

*(cf. 6145 - Extracurricular and Cocurricular Activities)*

*(cf. 6145.2 - Athletic Competition)*

*(cf. 6153 - School-Sponsored Trips)*

*(cf. 7110 - Facilities Master Plan)*

5. **Student Records:** A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed **pursuant to a court order with proper documentation**. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents. Such preferred name may be added to the student's record and official documents as permitted by law.

*(cf. 5125 - Student Records)*

*(cf. 5125.1 - Release of Directory Information)*

6. **Names and Pronouns:** If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

AR 5145.3(i)

**NONDISCRIMINATION/HARASSMENT**

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Over the last three years of Local Control Accountability Plan implementation, National School District has maintained its focus on Common Core standards, student achievement, success for our English Learners, provision of supplemental services, student safety, and parent engagement.

One of the primary actions listed in NSD's LCAP is the Enrichment Wheel. Using Supplemental and Concentration Grant funds, NSD has hired between 18 to 19 teachers each year to teach art, music and physical education. While the Enrichment Teachers are with students, classroom teachers are released in grade level or job alike teams to work collaboratively to increase student achievement. This release time is known as "Data Teams." This program is instrumental in several of our goals. In Goal 1, Action 3, the Enrichment Wheel and Data Teams time is used to analyze the progress of our English Learners and inform instructional practices. In Goal 2, Action 1, Data Teams are again highlighted as teachers use the release time to review results of pre and post assessments. In Goal 3, Common Core Standards are analyzed and planning time is provided for teachers, again using the release time furnished by the Enrichment Teachers.

In addition to the enrichment program, National School District has also supported all students, including students with disabilities and foster youth, through the Positive Behavior Intervention and Support (PBIS) programs. Through this three-tiered process, a system of increasing support for students in need has been implemented. A focus on Restorative Practices and Trauma Informed care is folded into all school site PBIS programs. The 2018-2019 Local Control Accountability Plan increases support to students and families through the hiring of additional counselors and increased funding for teacher and classified training in Restorative Practices and PBIS.

Maintaining low class size, transportation, and technology, are also actions in National's LCAP. These additional services are paramount to the success of our children, as without adequately staffed, safe and healthy classrooms, the students do not have an environment in which to succeed.

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

For the past four years, National School District has focused on instruction for English Learners by developing coherent systems for designated English Language Development and increased opportunities for linguistic experiences with the implementation of Common Core Units of Study. Math has also been a major focus, with teachers informing their instructional practices through pre

assessments, SMART goals, and the Data Teams process which emphasizes on mastery of Priority Common Core Standards.

Most notable is the progress NSD English Learners are making. On the 2015-2016 CAASPP, the number of English Learners meeting standards increased by 7.4% in ELA and 9.5% in math. In 2016-2017, English Learners continued to grow in math with 15% more English Learners meeting standards in ELA and 10% more meeting standards in math. With the implementation of Systematic ELD, (Goal 1) along with the Rigorous Units of Study in math English Language Arts, (Goals 2 and 3) English Learners are being provided more opportunities for verbal interaction and higher level thinking, thereby increasing their language skills.

All students have also demonstrated increased growth in math over the last three years. (Goal 2) Over the last three years, all students have decreased the distance from "Level 3," the standard for proficiency by 9 points. The "all students" group as well as English Learners, Socioeconomically Disadvantaged, Homeless, Two or More Races, and White student groups are in the "Yellow" designation. Students with Disabilities moved from a "Red" designation to "Orange" in 2016-2017.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

### **Greatest Needs**

In 2015-2016 National School District did not have overall performance category with a Red or Orange designation. Although the "All Student" group maintained its status between the two years, there was no growth, so the 2016-2017 designation went from "Yellow" to "Orange." The Students With Disabilities student group has stayed in the "Red" category for two years.

National School District intends to address the need for growth in English Language Arts through the acquisition of supplemental materials in English Language Arts, and a shift in the Data Team process to concentrate on English Language Arts in addition to math. Also, in the 2018-2018 LCAP, there is increased teacher collaboration time. John Hattie's research (2018) indicates that "collective teacher efficacy" and "teacher knowledge of student progress" are the top two most effective means to increase student achievement. In Goal 2, Action 9 you will see an increase in collaboration time, with the intent to provide teachers the time to collaborate around best instructional practices and receive job embedded professional development.

Additionally, there was an increase in student suspensions, with the "All Student" group falling from a "Green" designation to an "Orange" designation. Based on research and stakeholder input, National School District will be adding five counselors, as well as providing additional funding for Restorative Practices for both certificated and classified staff.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

Gaps that will be addressed in this plan include:

**Suspensions:** As the "All Students" group is at the "Orange" level, there are no student groups two or more performance levels below. However, there was an overall increase in suspensions in 2016-2017, with African American Students, Students with Disabilities, and White students at the "Red" level. Having taken part in the San Diego County Differentiated Assistance program, National School District has determined actions steps for 2018-2019. These include: hiring of additional counseling support, continued training in Restorative Practices, additional support for Special Education "hub" school, and principal training on suspension and expulsion priorities and practices. These actions steps are in Goal 4, Actions 1 and 4.

**English Language Arts:** Again, the "All Students" group in English Language Arts is at the "Orange" level, so there are no student groups two performance levels below. Again, there are several groups that are at "Orange" level. These are Students with Disabilities (Red) and Socioeconomically Disadvantaged, English Learners, and Hispanic (Orange). National School District will address the needs of these students through the acquisition of supplemental English Language Arts materials, additional collaboration time for teachers, and an emphasis on English Language Arts during Data Teams time. (Goal 2, Action 9)

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

## Increased or Improved services

Based on the California Dashboard results, teacher surveys and student focus groups, NSD will be focusing on the following:

- 1) Continued support for the Enrichment Wheel, with training, communication and improvement plans for the Data Teams process and Rigorous Units of Study in ELA and math. This will be done with funding to hire, train, supply and supervise the Enrichment Teachers. There will also be funds allocated to deepen understanding of the Data Team process and continued refinement of the Rigorous Units of Study.
- 2) Strengthen understanding of Systematic ELD, and the use of the Data Teams process to improve instruction for and the achievement of English Learners.
- 3) Continue PBIS with site-based training on Restorative Practices and Trauma Informed Care, adding additional personnel (counseling) to provide support for Tier II students.
- 4) Through professional learning practices, NSD will increase the expertise of teaching staff to deliver instruction using technology and instructional practices specifically targeted to provide students skills and concepts needed to master Common Core State Standards.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

### Action 1: Systematic ELD implementation

During 2017-2018, National School District Trainer of Trainers presented professional learning to principals during Leadership Meetings, and to teachers during Data Teams time. They were recertified in March, 2018. The ELA Units of Study were printed and provided to teachers, who implemented the units with support from the trainers and leadership. Data Teams agendas continued to focus on strategies for English Learners in mathematics. While there was no formal Data Teams processes for English Language Arts, teachers spent many hours of Data Team time planning for instruction, discussing the results of their initial implementation of the Units, and focusing on the rigor expected of their English Learners.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Based on the 2016-2017 CAASPP results, our services for English Learners is having a positive effect. National School District English Learners decreased their distance from level 3 by 12.6 points in math, and 11.4 points in English language arts. Additionally, the District reclassified 453 English Learners, increasing from the 2015-2016 baseline of 360. National School District attributes these positive outcomes to the Data Team processes, whereby teachers are making informed decisions based on students actual levels. The math and ELA Units of Study also emphasize student collaboration, increasing the opportunities for students in actively learn and

use language. Imagine Learning results indicate that although only 40% of schools are on target to meet the usage requirement, students using show increased growth, particularly at the kindergarten and first grade levels. STAR quarter three results show 35.6% of English Learners have met or nearly met math proficiency, and 24% of English Learners have met or nearly met reading proficiency.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The estimated expenditures for the cost for Systematic ELD recertification can be explained by the changes in personnel the last several years. Two of the trainers have taken other employment, and one of the trainers retired. Also, many school sites that had budgeted for increased support for English Learners through Impact Teacher supports had a difficult time hiring impact teachers. \$290,000 was budgeted in Title I for Alternative Supports for English Learners. Estimates indicate that approximately \$200,000 has been expended at this time. The reason for this is that many schools were unable to contract with impact teachers until midyear, due to a shortage of part time teaching candidates.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on the LCFF rubrics, National School District is doing very well with this goal. English Learners in NSD were given a "green" designation based upon the California Language Development Test and the CAASPP results. NSD will build upon this success by continuing to provide site based and District supports. Based on District monitoring of Imagine Learning data, additional training for teachers on how to best incorporate Imagine Learning as a part of the daily lesson program is needed. Additional supports for the English Language Arts units of study can be found in Goal 2, Action 9 with increased collaboration time for teachers to work on Units and share best practices. Also, input during the 2018-2019 LCAP development process indicated that support from an additional ELA/ELD resource teacher is needed, which can be found in Goal 1 Action 5.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Students in the National School District experienced increased services and rigor this year due to the action steps in this goal. Now in its fourth year of implementation, the teachers of the Instructional Enrichment Wheel continue to hone their craft and improve their curriculum. With additional training in theater, dance, and music, teachers incorporated a variety of new activities for students. They also began using technology in music and art lessons. Classroom teachers are now adept at using the Data Teams agendas, and are able to complete SMART goals and determine needed practices with enough time left over to plan instruction of the ELA Units of Study. Math Units of Study in grades 3, 4 and 6 have been revised this year. English Language Arts Units have been completed, and the first three units taught. Library media technicians went through the second level of certification with the San Diego County Office of education, and continued their monthly Professional Learning Community meetings. Finally, the Common Core Technology Resource teacher provided training for 179 teachers in 2017-2018.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Dashboard results indicate increased academic growth of National School District students in math, with a "Yellow" designation. Given surveys of students and teachers, the Instructional Enrichment Wheel has a very high level of satisfaction and overall effectiveness. Math results for Units of Study are uneven throughout the district, with some schools or grade levels showing high levels of achievement on the post assessments, while others show less growth between pre and post assessments. The English Language Arts Units of Study have been completed and copied for teachers. Principals have observed the ELA Units being taught, and anecdotal data shows students more engaged in the ELA Common Core Standards. However, the complexity of the units requires additional planning and instructional materials. As this is the first year of full implementation of the ELA Units, there is still work to be done for maximum positive impact for NSD students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 2 Action 9: The original budget for release time for teachers to collaborate on mapping of the ELA units of study was not accessed due to the lack of substitute availability. With training in Restorative Practices and Next Generation Science Standards, there were no subs or days for the ELA collaboration to take place as planned. In 2018-2019, the LCAP will provide additional collaboration time for teachers through an augmented Data Teams schedule, or increased contractual day.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Data indicates that NSD English Learners are making desired achievement gains, (an increase from "Yellow" to "Green") but the goals for all student groups are not progressing at the expected rate. Based on input from stakeholder groups, NSD will be adding additional planning time for teachers collaboration and use the impact of "collective efficacy" to increase student achievement. (Goal 2, Action 9) NSD will also be increasing the amount of teacher support through teacher leadership such as demonstration teachers or additional resource teachers. (Goal 2, Action 11)

# Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions steps in this goal were successfully implemented. The addition of the District Resource Teacher provided the needed coordination to develop a coherent parent engagement plan throughout the district. 40 Common Core workshops were offered to parents at school sites, with a total of 689 attending. After its initial reorganization and kick-off retreat, the National City Collaborative Family Resource Center provided excellent outreach. 447 families in National City were provided coordinated assistance services, assistance with citizenship applications resulted in 101 new U.S. citizens, and 12,648 servings of food were supplied through collaboration with the San Diego Food Bank.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

At the stakeholder input meetings and through exit slips and surveys, National School District has been able to dramatically increase the amount of parent and community outreach in 2017-2018. Parents were very appreciative of all the Common Core workshops available, and would like to have more support in math. Based on feedback from staff during the stakeholder input meetings, there needs to be more communication with teaching staff.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

No material differences

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As teaching staff indicate that not enough of them are aware of the resources at the Family Resource Center, National School District intends to add more outreach support for the FRC in the form of "promotoras" or other forms of outreach personnel. (Goal 3, Action 4) With input from Family Resource Center Staff and NSD Family and Community Engagement Resource Teacher, additional metrics will be established for 2018-2019.

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Goal 4: Provide safe environments that promote social, emotional, and physical wellness. National School District's Student Services provided two days of Restorative Practices training for 98 teachers from 10 school sites to assist in the promotion of positive social and emotional environments. The training focused on Restorative Practices and how they fit into the overall Positive Behavior Interventions and Support plans at each site. The school social worker supervised 2 social work interns, providing 368 combined points of contact for National School District students and families. After the initial reorganization and kick-off retreat, the National City Collaborative Family Resource Center provided excellent outreach. 447 families in National City were provided coordinated

assistance services, assistance with citizenship applications resulted in 101 new U.S. citizens, and 12,648 servings of food were supplied through collaboration with the San Diego Food Bank. 700 third grade students participated in the water safety program.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Teachers who have attended the Restorative Practices training report they are practicing the strategies on a daily basis. 98 of the 107 evaluation exit slips from the training has all responses in the "Strongly Agree" column, and all exits slips stated that one or more aspects of the training would be implemented immediately. The social work program is only in its fourth month of development, and quantitative metrics show successful outreach. (368 points of contact since January.) Qualitative metrics for the School Social Work program will be developed this spring. The National City Collaborative has had an impact on the neediest families, yet there is a belief that not enough families are aware of the services.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The budget for the School Social Worker was \$150,000. As this employee was brought on midyear, that actual cost was \$72,000. This will not be a factor in the 2018-2019 LCAP.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As there is a shortage of substitute teachers, National School District gave priority to the Restorative Practices trainings this year. Even so, there were many teachers who did not receive the training. In 2018-2019 NSD will again give this program priority with increased budget for training. (Goal 4, Action 1) Also, working with South Bay Community Services, NSD will develop an outreach program to assist families through additional personnel such as promotoras. (Goal 3, Action 2)

Describe the overall implementation of the actions/services to achieve the articulated goal.

In its second year of 1:1 devices, the National School District technology support team has continued to provide excellent service, supporting over 250 teachers. NSD technology resource teacher has also been in 140 classrooms, modeling lessons for teachers. The teachers of the Instructional Enrichment Wheel have begun to use technology in their music lessons, and cabinet walk-throughs indicate more student interaction with technology in 2017-2018.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

NSD goal is to provide effective instruction through cutting edge technology, personalized employee training, innovative learning programs, and expanded learning opportunities. Based on the points of service from the technology support team and the technology resource teacher, services and training has occurred.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The Director of Technology (Action 2) retired January 31, and a mid-year replacement was not found. Only \$101,543 of the budgeted \$176,000 was used.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The Independent Technology Growth Plan was slow to catch on. As self selected learning is important to the successful implementation of innovative practices in the classroom, NSD intends to continue this program, but assist teachers through more explicit curation of activities. Also, NSD has included the administration of the educational technology program in the 2018-2019 school year. (Goal 5, Action 2)

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All the above actions have been implemented to their fullest as measured by Nationals metrics. Supplemental online instructional materials have been purchased, buildings have been rated "Good" as measured by the Facilities Inspection Tool (FIT), school sites have provided supplemental support through the school site planning processes, and low class sizes have been maintained.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

NSD's articulated goal is to promote student engagement and achievement through services of upgraded facilities, low class size, instructional materials, employee excellence, and transportation. In 2017-2018 NSD has achieved this through providing additional services to support student health, safety, attendance, and technology. By contract, NSD's class size is higher than the 24:1 that has been maintained since 2013-2014. Also, students are able to attend school in an environment conducive to learning due to the provision of safely maintained buildings and healthy heating and air systems. The addition of the new bus has enabled the district to maintain attendance in specific areas where students typically do not attend.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Due to delayed implementation of Units of Study, not all of the \$524,686 in instructional materials was spent. Teachers did not have enough experience with the units to advise on the purchase of materials with which to support them. Supplemental online resources and other materials were purchased for trial (\$272,000).

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Both Educational Services and NSD teachers will be working together to provide supplemental instructional materials for the Units of Study. You will find this detailed in Goal 2 Action 12.

# Stakeholder Engagement

LCAP Year: 2018-19

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

National School District has engaged in the following activities to involve stakeholders in the process of Local Control Accountability Plan development:

- District Parent Advisory Council Meeting (DPAC) input, January 10, February 7, March 7, April 4 and May 9: questions were posed to parents regarding parent involvement and student achievement. Parent comments were organized into categories and presented to LCAP committee.
- District English Learner Advisory Council (DELAC) input, February 10, April 14: questions were posed to parents regarding parent involvement and student achievement. Parent comments were organized into categories and presented to LCAP committee.
- Community Town Hall Meeting, May 17: At this meeting, parents and community members were provided a summary of the 2018-2019 LCAP goals and actions, and were asked to generate questions and suggestions for the plan.
- Staff Survey April 17-April 24 : The survey gathered ideas and needs for the Instructional Enrichment Wheel program, counseling and support services, technology training needs, further support for math, ELA common core initiatives.
- Staff Input: All staff were provided draft of LCAP via email and responses solicited prior to finalizing a draft for the NSD website.
- Student Input: Student focus groups were held at all ten schools. Positive Behavior Intervention and Supports (PBIS), library books, and field trips were a topic of great interest to the students.
- Local Control Accountability Committee Meetings: March 1 and, April 12. This team included parents, Governing Board members, district administration, principals, classified employees, National School District CSEA designee, National City Elementary Teachers Association designee, and teachers. At the two meetings, the committee examined the eight priorities, reviewed data to inform the development of goals, developed goals, brainstormed potential activities for the plan, and prioritized those activities.
- Association Consultation Sessions: National City Elementary Teachers Association April 5, California School Employees Association April 10. At these meetings, representatives of each group reviewed input from all input meetings as of that date, and provided ideas and input as each goal was discussed.
- School Site Councils: All SSCs reviewed their site plans in May, 2018, discussed the draft LCAP goals, and proposed realignment of site budgets and actions to meet the LCAP goals.
- Principals, and National City Elementary Teachers Association Consultation Committees reviewed the goals and priorities, and made recommendations to district staff on priorities and potential implementation needs of some of the priorities.
- NSD staff attended San Diego County Office of Education's Foster Youth presentation and solicited input from Foster Youth stakeholders from throughout the county.

Public Hearing will be held on June 13, 2018  
Board Approval will be June 27, 2018

#### Annual Update:

NSD began its Annual Update during the District Parent Advisory Council (DPAC) meeting on January 10. The DPAC reviewed all eight goals, looking at data from assessments along with notes outlining program implementation. The DPAC, along with the Local Control Accountability Planning Committee reviewed the alignment of District Strategic Planning goals to the LCAP Goals. This process was continued at the Local Control Accountability Plan Committee meeting March 1. The LCAP committee, made up of teachers, parents, classified staff, CSEA and NCETA representatives, was also informed of the progress on the six goals in the plan. This committee also had an opportunity to reflect on the efficacy of the actions through discussion with staff members on the number of students effected by the programs, and implementation data.

Next, conclusions from this information were provided to the District Parent Advisory Council on May 10, and the District English Learner Advisory Council on May 12. These two entities provided additional insight into the potential changes based on what they thought needed improving and what had been successful.

Finally, at the Town Hall Meeting May 17, those present also engaged in a discussion of the successes of the plan and provided input on proposed actions.

All of this input was taken into consideration and goals and actions were adjusted.

#### Data/information presented to the groups included:

- Numbers of teachers hired for instructional wheel and samples of work completed by students
- Information on the Data Team processes and implementation timelines
- Information on the RCD framework and progress made on the initiative
- Timeline for administration of California Healthy Kids survey
- Information on the development of Parent Engagement survey, and the results of the survey
- Suspension rates for 2016-2017 and Positive Behavior and Intervention Program planning process
- Research on parent involvement, Restorative Practices effective instructional strategies, technology acquisition, and English language acquisition
- Renaissance STAR assessment data in ELA and math
- Smarter Balanced (SBAC) data in ELA and math

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

National School District's Educational Services Staff has developed the plan, taking into account the priorities and actions as presented by the committees and the meetings that were held to gather input. The following describes how this input impacted the LCAP:

### Goal 1: English Learner Achievement

After stakeholders reviewed data and noted steady growth, this goal continues to include Data Teams, Imagine Learning programs to assist English Learners, and maintaining the training cadre for Systematic ELD. After the stakeholder noted the data on the amount of teacher contacts and satisfaction for services provided by the ELA and Technology resource teachers, additional ELD/ELA resource teacher support was added to this goal.

### Goal 2: Increasing Academic Achievement

Noted additions to this goal are demonstration teachers, additional collaboration time, and additional collaboration time. Throughout the year at Governing Board meetings, consultation committee meetings, and through teacher surveys, there was a clear need for more time for teachers to collaboratively plan to meet the challenges of the priority Common Core standards. Also, teachers noted that modeling of instructional strategies by the resource teacher was helpful, so there is now an action step to train teacher leaders to be able to model lessons.

### Goal 3: Parent Engagement

Parent participation in Common Core classes increased by 20% in 2017-2018. Still, stakeholders determined greater outreach was needed. Added to this goal is the "promotora" program, which will build parent leadership at the school sites. These parents will be trained on how to engage other parents in their children's well being and academic achievement.

### Goal 4: Environments that Promote social, emotional and physical wellness

Surveys of teachers and parents revealed the desire of those stakeholders to have increased counseling services. To address this, additional counseling services will be provided in 2018-2019. Also, consultation with the Classified School Employees Association revealed a need to train classified employees on the Districtwide PBIS and Trauma Informed Care practices in order to coordinate services to students at the sites.

### Goal 5: Providing effective instruction through technology

Stakeholders supported the current actions: support personnel, lease of devices, administrative support, and teacher professional learning.

### Goal 6: Additional Services to support learning

Stakeholders supported the current actions of additional maintenance, transportation, site funding, and a staffing level that supports learning.

The draft of the plan will be on the NSD internet on May 29, 2018 with a link for further input. The superintendent will respond to all comments. A public hearing will be held at the June 13 board meeting, allowing for more public input into the plan. The plan will be finalized and approved at the June 27, 2018 Governing Board meeting.

#### Annual Update:

The annual update revealed that the following goal had not been fully implemented and adjustments needed to be made in the 2017-2018 LCAP:

**Goal 3:** Through full implementation of Common Core Standards, NSD students will become global citizens that communicate, collaborate, create, and problem solve.

A large amount of funding was dedicated to Common Core implementation, but due to an overload of other initiatives, some of this funding was not spent. In the 2017-2018 LCAP, these funds have been redistributed to support the input of the stakeholders. Common Core implementation will continue to be embedded in Goal 2, through additional supports for Units of Study, Common Core Resource Teacher (focused on technology), the generation of a walk-through instrument, additional Data Teams and RCD training, and individualized Common Core curriculum mapping and an Individualized Technology Growth Plan (Goal 5 IGTP).

**Goal 4:** Parents are engaged in their children's learning.

The actions listed in the 2016-2017 plan included a revisioning of the National City Collaborative Family Resource Center. (FRC) Although the revisioning process was completed, the FRC still is suffering from sustainability issues. There is no funding in the 2017-2018 LCAP for the FRC, and plans to downsize the facility are in place. However, as parent engagement is a priority, the addition of a resource teacher who can coordinate with the FRC, school sites, DPAC, and DELAC will provide the assistance needed to bring coherence to the site-based programs.

Also revealed were the successes of the following goals. This information provided the committee the insight to make additions and adjustments to the actions in the 2016-2017 LCAP:

**Goal 1:** NSD will decrease the number of Long Term English Learners and increase the number of students reclassified from Limited English Proficient to Reclassified Fluent English Proficient.

As indicated in the Dashboard, NSD reclassified students are 28 points above the target Level 3 on the CAASPP. Reclassified students are among the highest scoring student groups.

Goal 2: National School District students will be proficient in Common Core English Language Arts and Math Standards NSD made significant progress in this goal last year, with the "all" student group receiving a "yellow" status in both English Language Arts and math on the CAASPP.

Goal 5: National School District students are engaged in an environment that is safe and focused on wellness. All teachers were trained and all school developed PBIS plans. The impact was such that students mentioned feeling more supported and connected at school through the PBIS program. Suspensions continue to decrease, and the expulsion rate had maintained at zero expulsions. NSD is currently awaiting the results of the California Safe and Healthy Kids survey to confirm continued progress.

Goal 6: Equitable access and use of cutting edge technology will increase National School District's capacity to provide effective instruction

The goal of 1:1 devices in Grades 3-6, and 2:1 in Grades K-2 has been achieved. With the addition of Common Core Resource Teacher, and Google Classroom trainings, NSD teachers are now using technology to support student learning.

Goal Number 7: NSD will provide basic services to ensure buildings, instructional materials, teacher quality, and transportation for the benefit of all students in the district. Provision of basic services at the same rate or greater than the previous year adjusting to need/level of service based on fluctuating student population, salary increases, equipment durability, etc. All schools had sufficient budget to provide increased and improved services to their English Learners, students of poverty, homeless, foster youth, and students with special needs.

## Goal 1

English Learners will acquire English at a rate that will enable them achieve at grade level expectations after five years in National School District Schools.

### State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities: Board Priority 1: Student Achievement

### Identified Need:

There is a need to concentrate services on Long Term English Learners (LTELS). California English Language Development Test (CELDT) data indicates 35% of students in National School District are at intermediate level in the intermediate grades. Dashboard data also indicates that NSD EL Only student group is at 73 points below the target Level 3, while the Reclassified English Learners are at 29 points above the target. Although NSD met all of its Annual Measurable Objectives, there is a need to implement strategies to improve English Learner achievement.

## Goal 2

Increase academic proficiency for all students and advance the global competency skills of communication, collaboration, creativity, and problem solving as needed for future success.

### State and/or Local Priorities addressed by this goal:

- State Priorities: Priority 2: State Standards (Conditions of Learning)  
 Priority 4: Pupil Achievement (Pupil Outcomes)  
 Priority 7: Course Access (Conditions of Learning)  
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)
- Local Priorities: Governing Board Priority #1 Student Achievement

### Identified Need:

SBAC Baseline Results: CAASPP results indicate 41% of all students are proficient in ELA, and 30% are proficient in math. Although this is an increase from 2014-2015, it still leaves 59% of students in ELA, and 70% of students in math, below the Level 3 proficiency target.

NSD is in its fifth year of Common Core implementation, and the need still exists for more professional development, teacher collaboration and student practice with the new standards. Full implementation will be measured by staff survey and walk through data. Based on Spring 2017 staff survey results, 76% of teachers respond that they use Common Core math standards all of the time, with 18% responding that they use Common Core math standards most of the time. (94% implementation) For ELA, the responses are 62% all of the time, and 29% most of the time. (92% implementation) A small percentage of teachers responded that they never use Common Core standards. Spring 2018 survey data indicates a slightly lower percentage of teachers stating the use ELA and math Common Core standards all of the time. This indicates a need for greater support for and monitoring of usage of the Units of Study in ELA and math.

## Goal 3

Expand collaboration and engagement with parents, families, and community partners

### State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)

Local Priorities: Governing Board Priority # 2: Parent, family, and community collaboration and engagement

### Identified Need:

There is a need for NSD to engage more parents in assisting in their students' education. In principal survey results, approximately 500 parents from the pool of 5700 students engage regularly in school activities. The 2015-2016 Parent Survey had only 234 responses. Many NSD parents are working parents, single parents, and/or English Learners. Research shows that the more engaged parents are in the academic progress of their children, the greater the likelihood students will achieve at high levels. Math is currently the subject that NSD students are struggling, and also the subject with which parents report they have the most difficulty assisting their children.

## Goal 4

Provide safe environments that promote social, emotional, and physical wellness

### State and/or Local Priorities addressed by this goal:

State Priorities: Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

Local Priorities: Governing Board Priority #4: Student emotional health

### Identified Need:

John Hattie's research on effective educational practices states that classroom behavior has a .63 effect size. (Anything over .40 is considered effective) Results from NSD's administration of the California Healthy Kids Survey show that although 79% report they feel safe at school, 34% of students have been hit or pushed at school, and 34% have been called names or had mean rumors spread about them. Hattie's research and the CHKS results demonstrate a need to provide behavioral supports for NSD students.

In 2016-2017, the National City Collaborative Family Resource Centers had 22,879 points of service for families in the community. This data indicates a need to provide services such as family counseling, food, shelter, health insurance for our families.

63 students with their families have attended Student Attendance Review Board (SARB) this year. School attendance is a major factor in school achievement. There is a need to support families that are struggling to get their children to school.

Based on the 2016 fifth grade physical fitness assessment, 46.3% of National School District students are not in the Healthy Fitness Zone.

## Goal 5

Grow capacity to provide effective instruction through cutting edge technology, personalized employee training, innovative learning programs, and expanded learning opportunities.

### State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities: Governing Board Priorities #1 Student Achievement, #2 Innovative and expanded learning opportunities, #3

### Identified Need:

In 2016-2017 National School District implemented 1:1 devices in grades 3-6, and 2:1 in grades K-2. With this increase in computing devices, there will be a continued need for teacher training and administration of a comprehensive technology plan. Technology should not just be used for student personal learning, but incorporated into Common Core lessons, becoming a tool, not a strategy. Also, with the addition of nearly 4,000 new devices, tech support personnel are needed to ensure that the devices and supporting infrastructure is always functioning.

### State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)

Local Priorities: NSD Strategic Plan Goal #5 Managing Fiscal Resources, #1 High Quality Instructional Program, #2 High Quality

### Identified Need:

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

\$14,148,777

Percentage to Increase or Improve Services

??%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

During school year 2018-2019, Districtwide Supplemental and Concentration funds will support English Learner achievement, student achievement in English language arts and math, parent and community engagement, student engagement through technology, and additional supporting services. With an unduplicated count of 88%, all of the Supplemental and Concentration grant funds are used in a Districtwide manner, as all actions are directed to serve unduplicated student groups and benefit other students as well.

**Goal 1: English Learner Achievement**

English Learners make up 65% of the National School District student population. The core instructional program provides for daily designated and integrated English language development instruction. Over the past three years, National School District English Learner CAASPP results have shown an increase of 22.1 points close to Level 3 in math and 18.8 in English Language Arts. Actions to increase and improve services are:

- Systematic ELD Trainer of Trainers recertification: Cost- \$10,000 Title III. The District has maintained an English Language Development Leadership team. The training certifies the NSD team to provide training and support to the teachers of the District. This improves instructional delivery and results in greater achievement for the District's English Learners.
- Imagine Learning: Cost-\$233,000, Title III. Imagine Learning Enterprise (ILE) system provides extended access to vocabulary and language development. Newcomer students, students in lower grades who are at the beginning levels of language acquisition, and long term English Learners are targeted for high levels of use.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Data Teams Process: Costs associated with this action are indicated in Goal 2. Classroom teachers are released by a team of Instructional Enrichment Teachers on a bi-weekly basis to review pre and post assessment data to inform instructional plans. The agendas for the process require teachers to provide specific actions to accommodate the needs of English Learners.
- Rigorous Curriculum Frameworks: Costs associated with this action are indicated in Goal 2. During the past three years, the District has developed Rigorous Curriculum Frameworks in English language arts and math. The frameworks are composed of pre and post assessments, designated priority standards, Engaging Learning Activities, and associated resources and materials. These instructional frameworks provide equity and rigor for English Learner students throughout the District.
- Hire an English Language Arts/ English Learner Resource Teacher(s): Cost- \$170,000 Supplemental and Concentration Grant funds. The resource teacher(s) would assist teachers during Data Teams, model English Learner lessons, and provide principals with assistance to develop English Learner goals and actions at their school site. This added resource will enable classroom teachers to increase the quality of services for the unduplicated student population.

#### Goal 2: Student Achievement in English Language Arts and Math

To increase student achievement, Common Core State Standards must be fully implemented. NSD will provide time for teachers to deconstruct and backwards map the standards, and receive professional learning, coaching and modeling of best instructional practices differentiation strategies. The following services/actions are designed to increase student achievement for our unduplicated pupils, specifically English Learners, Students with Disabilities and Foster Youth:

- Instructional Enrichment Wheel: \$1,350,000 Supplemental and Concentration Grant funds. Eighteen teachers are needed to maintain and further develop the Instructional Enrichment Wheel program. This program releases teachers twice monthly for approximately two and one half hours to review student data resulting from the Rigorous Curriculum Frameworks pre and post tests. Teachers differentiate instruction based on the results, with specific attention paid to the needs of English Learners, Students with Disabilities and Foster Youth. While teachers are released, Instructional Enrichment teachers provide students with lessons in Fine Art, Music Appreciation, Dramatic Arts and other subject areas to address other pupil outcomes.
- Materials and training for Instructional Enrichment Wheel: \$60,000 Supplemental and Concentration Grant funds. Materials are necessary for the program, enabling our students to create works of art, engage in drama, and learn about music. Continued training and development of the program is necessary to its success..
- Administration of Instructional Enrichment Wheel and other LCAP Actions and Programs: \$30,000 Supplemental and Concentration Grant funds.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

NSD will provide support through “Twelve Month” principals. The Instructional Enrichment Program is a large program, and coordination/supervision of the program is necessary to ensure quality implementation. Hiring and training of personnel, ordering and managing materials and other resources, evaluation of personnel, scheduling, and training are just a few of the tasks that need to be done for the program. Coordination and administration of the other LCAP programs will also be overseen by these principals.

- Class size reduction Transitional Kindergarten (TK): \$124,000 Supplemental and Concentration Grant funds. Transitional Kindergarten is unique in the age and nature of students involved. By having lower class size, our youngest and neediest students will have more opportunities for differentiated instruction.
- Additional class size reduction: \$201,478 Supplemental and Concentration Grant funds. Until 2017-2018, Federal Title II funds were used to provide additional class size reduction in grades K-3. With cuts in Title II, class sizes would increase. This additional funding allows for all K-3 classes to stay below contract maximums.
- Library Media Technicians: \$300,000 Supplemental and Concentration Grant Funds. Previously, our library media technicians were not full time at each school. The full time library media technicians allow unduplicated student groups access to materials needed for success and teachers now have full time access to a wealth of resources.
- Additional Library Materials: \$50,000 Supplemental and Concentration Grant Funds. Each library will have \$5,000 to augment their yearly materials acquisition budget from site funds.
- Demonstration Teachers: \$52,000 Supplemental and Concentration Grant funds. Teacher Leaders will be trained to provide modeling of instructional best practices.
- Additional Teacher Collaboration Time: \$810,000 Supplemental and Concentration Grant Funds. Either through an extended work day or through release time, teachers will have additional opportunity to backwards map the Rigorous Instructional Frameworks, lesson plan for mastery of priority standards, and collaborate on the refinement of frameworks to suit individual student needs.
- Supplemental Materials: \$300,000 Supplemental and Concentration Grant funds. In National School District, Common Core has been implemented through the Rigorous Curriculum Frameworks. The Frameworks necessitate unique materials beyond a core adoption. It is necessary to maintain a supplemental instructional materials fund to ensure our English Learners, economically disadvantaged, and foster youth students have quality materials.

### Goal 3: Parent and Community Engagement

Stakeholders felt quality parent engagement, and parent learning on Common Core would enable our students to achieve at higher levels. As many of our parents are second language learners and also need assistance with navigating obstacles preventing access to schools and other services, the need for highly qualified staff to assist was also emphasized.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Translation/Interpretation Services: \$20,000 Supplemental and Concentration Grant Funds. Increased Translation services will provide additional outreach and communication for National School District parents and community.
- Parent Engagement personnel: \$128, 522 Supplemental and Concentration Grant funds. NSD will maintain Parent and Community Resource Teacher to work with the school community. The Resource Teacher will work with principals, PTA leadership, and the National City Collaborative.
- Promotora Support: \$34,568 Supplemental and Concentration Grant funds. Working with the National City Collaborative and the Parent Engagement Resource Teacher, National School District will begin a promotora program to develop parent leadership at the school sites and district level. This program will emphasize student health and wellness, navigation of school programs, and engagement in student learning.

**Goal 4: Positive School Climate and Wellness**

Stakeholders at LCAP input sessions felt strongly that student mental health, wellness and safety were important to National School District children. With a high level of poverty and homelessness, services beyond classroom teacher support are needed:

- Professional Development for services for teachers and administrators to improve school climate and safety: \$58,724 Supplemental and Concentration Grant funds. In order to better serve our Foster Youth, and other students who might have experienced trauma, NSD will work with SDCOE to provide Trauma informed training for our teachers and administrators. We will also continue to improve our school climate and promote student engagement through Positive Behavior Intervention programs and Restorative Justice Practices.
- Professional Development for classified staff: \$30,000 Supplemental and Concentration Grant funds. Classified personnel make a major contribution to the supervision and wellbeing of National School District students. In 2018-2019 professional learning in Positive Behavior Intervention and Supports will be provided so that students can have the same level of support from classified as well as certificated personnel. This additional training will create a more cohesive program of support for students.
- School-based Social Worker: \$150,000 Supplemental and Concentration Grant funds. There has been an increase in student mental health issues and family crisis over the five years. The School Social Worker has the credentials to supervise social work interns and provide additional preventative intervention to circumvent family crisis. The School Social Worker will coordinate with site principals to bring a cohesive level of support to students and families in need throughout the District.
- Site Based School Social Workers/Counselors: \$500,000 Supplemental and Concentration Grant funds. Currently, school sites use site-based funds to provide support to children. Nine of ten school sites use have between two to three days of counseling services. Through additional Supplemental and Concentration Grant funds, schools will be able to have full time counselors or social workers.
- Vice Principals at Hub Schools: \$250,000 Supplemental and Concentration Grant funds. Lincoln Acres and Central Schools are Special Education Hub schools. As such, there are many more incidents needing intervention and assistance. Vice Principals will assist classroom teachers with Positive Behavioral supports, allowing more teaching and learning time to occur.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Third grade swim program: \$50,000 Supplemental and Concentration Grant funds. The children of National City live very close to the bay, yet many have never learned how to swim. The third grade swim program, done in conjunction with the City of National City, allows students to not only learn how to swim, but also provides them with opportunities to experience leadership and develop safety skills.

#### Goal 5: Instruction Through Technology and Innovative Learning Programs

The following actions/services are principally directed to provide unduplicated student groups the technology needed to access and achieve Common Core Standards while providing teachers the professional learning needed to implement Common Core State Standards.

- Tech Support personnel to service classroom and school site technology: \$218,000 Supplemental and Concentration Grant funds. Tech support personnel will ensure the timely repair and installation of all technology devices.
- Administration of Educational Technology Program: \$170,000 Supplemental and Concentration Grant funds. This administrative position will allow for a universal educational technology plan to keep up with the fast paced needs of the 21st century. This leader can unite technology with instructional practices, assessment for student achievement, and provide guidance in technology acquisition. Additionally this position can add increased support in the form of professional learning, in class modeling and coaching, and integration of technology into our Rigorous Curriculum Design Units of Study and our Instructional Enrichment Wheel curriculum.
- Technology device replacement and lease: \$610,000 Supplemental and Concentration Grant funds. In the past, sites were responsible for purchase of technology devices. This had caused uneven distribution of resources, with some schools having 1:1 student to device ratios and others having 4:1 ratios. By centralizing the process and purchasing enough technology devices for all students in the district to have access, National School District will provide equity and additional support for our English Learners, Students with Disabilities, and Foster Youth.
- Training for use of devices: \$90,000 Supplemental and Concentration Grant funds. With an increase in the number of computers and other devices, teachers will need extensive training in order to integrate the technology into their instruction. These funds will be used to provide individualized professional development for all teachers.

#### Goal 6: Promoting student engagement and achievement through additional services

The majority of the students in National School District are “unduplicated;” 88% of our students are eligible for Free and Reduced lunch, and 64% are English Learners. It is vital that National School District provides augmented services in order to ensure that these children have the world-class education to which they are entitled. The following services/actions will increase the ability for National School District to provide for additional needs.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Additional maintenance: \$360,769 Supplemental and Concentration Grant funds: The buildings in National School District were built from 1923-1968. There are extra maintenance needs for buildings of this vintage. Additional funds will ensure that buildings will be maintained in a manner conducive to the educational needs of preK-6th grade children.
- Transportation: \$191,000 Supplemental and Concentration Grant funds. 88% National School District's students are of low-socioeconomic status. Without transportation, many would not attend school on a regular basis because of parent work schedules or lack of family transportation. The NSD bus fleet is aging, and the replacement of old buses will provide needed safe transportation to and from school.
- Services for school-based programs: \$3,059,196 Supplemental and Concentration Grant funds. Although National School District's schools have similar demographics, each site has different needs. In order to provide the flexibility needed to support the sites, maintaining site budgets that once had categorical funding is important. These supplemental funds are used to provide programs and services beyond the core program and must support LCAP goals. Examples of use include: Impact Teachers, Language Arts Specialists, Professional Development, English Learner programs, computer assisted programs, site based supports for English Learners, Special Education, Foster Youth, Students of Poverty. The needs of each school are identified through input from the school community. The Assistant Superintendent of Educational Services reviews the use of all school site supplemental funding to ensure that LCAP programs and goals are supported at the school sites.
- Maintain current levels of staffing and retain highly qualified teachers through the provision of long and short-term financial compensation with increased contribution to STRS and PERS, and step and column salary schedule: \$4,490,520. Supplemental and Concentration Grant funds. In order to provide additional support to unduplicated students, it is important to maintain our current class sizes, as well as retain our teachers. With this supplemental funding, we can ensure our students have quality, highly trained staff with minimal turnover, and class sizes remain lower than the contractual maximum.
- Additional Utilities Costs for healthy student environments: \$200,000 Supplemental and Concentration Grant funds. National School District passed a General Obligation bond to place air-conditioning in all of our classrooms. By providing for the electrical costs associated with the air conditioning, we will have a healthy environment for our children. By maintaining appropriate classroom temperatures, NSD will not have to let students out early during heat days, or lose any instructional time due to weather conditions.

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds Percentage to Increase or Improve Services

\$12,000,000

30.50%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

During school year 2018-2019, Districtwide Supplemental and Concentration funds will support Common Core Implementation, Technology Acquisition and Training, Parent Engagement, Student Engagement and Wellbeing, and Supporting Services. With an unduplicated count of 88%, all of the Supplemental and Concentration grant funds are used in a Districtwide manner, as they are primarily directed to serve unduplicated student groups and benefit other students as well.

**Increasing Student Achievement:**

In order to fully implement the common core standards, NSD will need to provide time and resources for teachers to have continued professional learning, coaching and differentiation strategies. The following services/actions will increase the amount of services for our unduplicated pupils, specifically English Learners, Students with Disabilities and Foster Youth.

- Nineteen teachers to maintain and further develop the Instructional Enrichment Wheel program and Data Teams process \$1,252,000: Teachers are released twice monthly for approximately 2.5 hours to review student data resulting from the Rigorous Curriculum Design pre and posttests. They will differentiate instruction based on the results, with specific attention paid to the needs of English Learners, Students with Disabilities and Foster Youth. While teachers are released, Instructional Enrichment teachers will be providing students with lessons in Fine Art, Music Appreciation, Dramatic Arts and other subject areas to address other pupil outcomes.
- Materials and training for Instructional Enrichment Wheel \$100,000: Materials are necessary for the program, enabling our students to create works of art, engage in drama, and learn about music. Continued training and development of the program is necessary to its success.
- Coordination of Instructional Enrichment Wheel \$240,000: The Instructional Enrichment Program is a large program, and coordination/supervision of the program is necessary to ensure quality implementation. Hiring and training of personnel, ordering and managing materials and other resources, evaluation of personnel, scheduling, and training are just a few of the tasks that need to be done for the program.
- Class size reduction TK \$124,000: Transitional Kindergarten is unique in the age and nature of students involved. By having lower class size, our youngest and neediest students will have more opportunities for differentiated instruction.
- Library Media Technicians \$300,000: Previously, our library media technicians were not full time at each school. With the onset of Common Core Standards, libraries need to be more than just a place to check out books. The full time library media technicians will allow unduplicated student groups access to materials needed for success and teachers will have full time access to a wealth of resources.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Preschool Support \$25,000: Research shows that preschool is a vital link to student achievement and success in adulthood. Currently, there is not enough money in the preschool fund to allow for coaching and mentoring for preschool teachers. These additional dollars will allow the National School District preschool teachers the support needed to improve their instruction and services for our youngest learners.
- Personnel to assist with implementation of Common Core \$110,000: National School District's Units of Study were finalized in 2016-2017. Certificated personnel are needed to coordinate programs and assist the classroom teachers as they fully implement the Units of Study in 2017-2018.
- Curriculum Mapping for Common Core Units of study \$80,000: In order to provide the highest level of instruction for NSD unduplicated students, teachers need training and time to analyze the priority standards, backwards mapping daily lessons, based on the data gleaned from Data Teams analysis.
- Measurement and analysis of LCAP programs for Common Core \$35,000: Hanover Research will continue working with National School District to ensure effectiveness of programs through professional surveys, research briefs, and consultation with metrics and analysis of actions.

Parent Engagement- Common Core Standards

Stakeholders felt that quality parent engagement, and parent learning on Common Core would enable our students to achieve at higher levels. As many of our parents are second language learners and also need assistance with navigating obstacles that might prevent accessing schools and other services, the need for highly qualified staff to assist was also emphasized.

- Translation/Interpretation Services \$20,000: Increased Translation services will provide additional outreach and communication for National School District parents and community.
- Parent Engagement personnel \$110,000: In order to assist parents of our unduplicated count students with strategies to help their children with Common Core.

Technology

The following actions/services are principally directed to provide our unduplicated student groups the technology needed to access and achieve Common Core Standards, and our teachers professional learning needed to implement Common Core State Standards.

- Tech Support personnel to service classroom and school site technology \$150,000: Tech support personnel will ensure the timely repair and installation of all technology devices. The computer technicians will also need vehicles, so for the next two years, an additional \$25,000 will be used for this purpose.
- Technology acquisition, training, support positions: Director \$160,000. The addition of a Director of Technology will allow for a universal educational technology plan to keep up with the fast paced needs of the 21st century. This leader will unite the Technology unit with

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Educational technology providing guidance in technology acquisition, support in the form of professional learning, in class modeling and coaching, and integration of technology into our Rigorous Curriculum Design Units of Study and our Instructional Enrichment Wheel curriculum.
- Technology device replacement and lease \$700,000: In the past, sites were responsible for purchase of technology devices. This has caused uneven distribution of resources, with some schools having 1:1 student to device ratios and others having 4:1 ratios. By centralizing the process and purchasing enough technology devices for all students in the district to have access, we will provide equity and additional support for our English Learners, Students with Disabilities, and Foster Youth.
- Training for use of devices \$100,000: With an increase in the number of computers and other devices, teachers will need extensive training in order to integrate the technology into their instruction. Budgeting for consultants and substitutes for release time will enable the district to support the upgrades and increased technology.

**Student Engagement, School Climate**

- Professional Development for services to improve school climate and safety (e.g. Trauma Awareness, Restorative Justice) \$30,000: In order to better serve our Foster Youth, and other students who might have experienced trauma, NSD will work with SDCOE to provide Trauma informed training for our teachers and administrators. We will also continue to improve our school climate and promote student engagement through Positive Behavior Intervention programs and Restorative Justice Practices.
- School-based Social Worker \$150,000: SSW and interns will provide additional preventative intervention to circumvent family crisis.
- Third grade swim program \$50,000: The children of National City live very close to the bay, yet many have never learned how to swim. The third grade swim program, done in conjunction with the City of National City will allow our students to not only learn how to swim, but also provide them with opportunities to experience leadership and develop safety skills.

**Services to Support Programs for Students**

- The majority of the students in National School District are “unduplicated;” 88% of our students are eligible for Free and Reduced lunch, and 64% are English Learners. It is vital that National School District continues to provide basic services in order to ensure that these children have the world-class education to which they are entitled. The following services/actions will maintain or increase the ability for National School District to provide the basic school needs.
- Additional maintenance \$450,796: All buildings will be maintained in a manner conducive to the educational needs of preK-6th grade children.
  - Transportation \$180,000: The NSD bus fleet is aging, and the replacement of old buses will provide safe transportation to and from school.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- **Materials Acquisition \$525,686:** In National School District, Common Core has been implemented through the NSD designed Rigorous Units of Study. The Units of Study necessitate unique materials beyond a core adoption. It is necessary to maintain an instructional materials fund to ensure our English Learners, economically disadvantaged, and foster youth students have quality materials.
- **Services for school-based programs \$3,950,520:** Although National School District's schools have similar demographics, each site has different needs. In order to provide the flexibility needed to support the sites, maintaining site budgets that once had EIA funds is important. Uses of funds may vary. Examples of use include: Impact Teachers, Language Arts Specialists, Professional Development, English Learner programs, computer assisted programs, site based supports for English Learners, Special Education, Foster Youth, Students of Poverty. The identified needs of each school and input from the school community through ELAC, SSC and other stakeholder systems will determine the use of these funds. (See accountability and tracking in Goal 7, part 4.)
- **Maintain current levels of staffing and retain highly qualified teachers through the provision of long and short-term financial compensation with increased contribution to STRS and PERS, and step and column salary schedule \$3,600,587.** It is important to maintain our current class sizes, as well as retain our teachers. By funding the above services, we can ensure our students have quality, highly trained staff with minimal turnover, and class sizes remain lower than the contractual maximum.
- **Utilities \$550,000:** National passed a General Obligation bond to place air-conditioning in all of our classrooms. By providing for the electrical costs associated with the air conditioning, we will have a healthy environment for our children. By maintaining appropriate classroom temperatures, NSD will not have to let students out early during heat days, or lose any instructional time due to weather conditions.

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year. When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with

the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided

in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### **Goal**

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### **Related State and/or Local Priorities**

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### **Identified Need**

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

#### **Students to be Served**

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student

Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

#### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

#### Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

**For charter schools and single-school school districts**, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

#### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **Actions/Services**

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **Budgeted Expenditures**

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

## Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

**4. CRITERION: LCFF Revenue**

**STANDARD:** Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

<sup>1</sup>Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

**4A. District's LCFF Revenue Standard**

Indicate which standard applies:

LCFF Revenue

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
